The Christina's Legacy

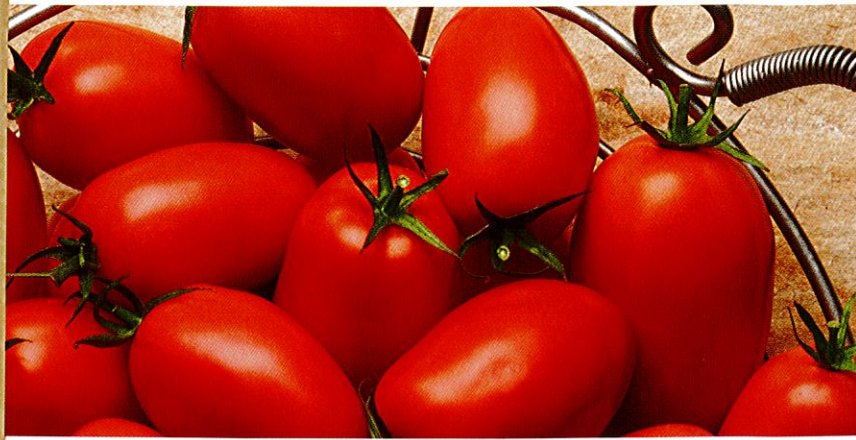

Escalon created Christina's Certified 100% Organic Tomato Products in honor of our founder's daughter. Cristoforo and Emma Colombo would be pleased to know that the products bearing their daughter's name proudly carry on their legacy for quality—established more than 55 years ago.

Christina's Organic Tomato Products are 100% organically grown and processed. And, as with all Escalon brands, we never add citric acid to Christina's, ensuring that we capture the fresh, natural goodness of the tomato—just as Mother Nature intended.

Christina's is produced to Escalon's exacting quality standards, following in the tradition of our other superior products, such as 6 IN 1, Bonta, Bella Rossa and Allegro. Treat yourself to the natural flavor, unrivaled color and consistent recipe performance that Christina's Organics offers in every can.

Escalon—A Passion for Flavor Since 1944

A portion of the proceeds from the sale of Christina's Organic Tomato Products is donated to charities supporting animal and land conservation.

Organic Integrity with Escalon Quality— The Perfect Combination

Organic Ground Tomatoes in Extra Heavy Puree

Just like our world-renowned 6 IN 1 Ground Tomatoes, this product is delightfully versatile—use it for everything from soups and salsas to pizza and pasta sauces. Organic Ground Tomatoes offer a slightly chunky texture with unrivaled fresh tomato flavor and the yield advantage of extra heavy tomato puree.

Organic Diced Tomatoes in Juice

We start with fresh, vine-ripened organic tomatoes, peel them using only natural steam, dice them into 3/4 inch cubes, and finally, pack them in their own natural juice for true, fresh tomato flavor. Our organic diced tomatoes provide the perfect texture for your recipes calling for large pieces of tomatoes.

Organic Extra Heavy 1.07 Tomato Puree

Our organic tomato puree is an extra heavy, 1.07 specific gravity, designed for superior yield and outstanding, fresh tomato flavor. We utilize the finest screening process available to provide a silky smooth texture that is sure to please even the most discriminating chef.

Organic Tuscan Tomato & Herb Pasta Sauce

This is Mr. Colombo's original Tuscan style recipe, made from 100% certified organic ingredients. We combine fresh, peeled tomatoes with extra virgin olive oil and a signature blend of imported and domestic herbs and spices to provide a ready-to-use pasta sauce that is ideal for everything from lasagna to angel hair.
